

Natural Born Champions Little Champions Care Policies

Effective January 1, 2022

Little Champions Care Updated Policy

Natural Born Champions Inc. Little Champion Care acts as a pre-k/kindergarten prep course for ages 3-4. All of our employees have a healthy amount of experience in the child & youth care field. We also continue our education every trimester to ensure we are providing the best care we possibly can. Our mission is to keep students motivated, afford them opportunities other head-start program doesn't, and to explore as many options as we potentially can to help each participant prosper.

Little Champion Care participants can expect 9 monthly themes to stay excited about learning. Homework is assigned twice a week. NBC provides 2 snacks and lunch for Little Champion Care. We also provide all material needed to participate in daily activities such as: writing/coloring materials, homework journal, and art smock.

Little Champion Care will also follow the Baltimore City Public School calendar. If there is a full day school closing, then Little Champion Care will be closed as well. We will also follow all holiday closings. Little Champion Care participants will not abide by half day closings. We will operate normal hours during BCPSS early dismissals.

Little Champion Care is an additional \$130/week or \$475/month. Participants will not be allowed to participate in NBC's Little Champion Care services unless weekly or monthly invoices are satisfied. Weekly payment methods are due every Sunday and monthly invoices are due every 1st of the month.

Little Champion Care operates between 8:00am-2:30pm. Participants who attend during before care hours will be charged full price for before care services. Little Champion Care Participants left at the NBC Site after 2:40pm will be charged full price for after care services. Participants will not be allowed in the program after 9:15am.

We will communicate via text during inclement weather to inform parents of transportation options and/or Little Champion Care closings. Transportation will still be available for unexpected early school closings. Please ensure parent contact and emergency contact are current. Inform Program Director of any changes.

Transportation

NBC's mission is to make sure you and your child leaves and arrives home safely. Our transportation services will ensure the best quality transportation for participants who live, work or attend school within a 5-7 mile radius from the NBC site. Transportation prices vary. Participants will not be allowed to participate with NBC transportation services unless weekly or monthly invoices are satisfied. Weekly payment methods are due every Monday and monthly invoices are due every 1st of the month.

Transportation is a flat rate of \$35/week, which includes either pick-up or drop-off by NBC, within a 5 mile radius of NBC's site. There is an additional \$5 for every 3 miles outside of the allotted travel distance and it is not to exceed 20 miles. If you utilize transportation services, your child can only have 1 designated drop-off or pick-up location. However, we will allow one additional emergency drop-off location. Please confirm transportation location(s) with Director.

Participants must wear a mask in the NBC Van at all times. Pickup/Drop-off times will be emailed or texted every update. Please inform Program Director if pick-up or drop-off times need to be modified.
